

# Chopstick Math Activity

**Materials:**

- A set of chopsticks
- M&Ms or Skittles
- 2 bowls

Using chopsticks can be a challenge, so why not practice your chopsticks and math skills at the same time? Put all of your M&Ms or Skittles in one bowl and sharpen your skills by doing these fun exercises!

**Write your answers below**

- 1 Move 3 blue and 2 red from one bowl to the other. Now move 2 yellow. How many did you move to the new bowl?
- 2 Now remove 1 blue and 1 red, how many are you left with?
- 3 Add 5 green and one yellow? What is your new total?
- 4 Add one blue and take away 3 green, what is your new total?
- 5 Remove 1 red, 1 blue, add 2 yellow and take away 2 green. How many are in your bowl?
